## NEW BILL PROVIDES FULL CONSCRIPTION

Conscription of men between the ages of eighteen and forty-five would begin automatically with the declaration of war by Congress, under the provisions of the army reorganization bill the War Department is asking Congress to pass.

Chief of Staff March told the House Military Affairs Committee yesterday that volunteering would be wiped out; but the national guard would be left intact, and there would be universal military training of young men without actual enrolling them in the army.

## MANN NOMINATED IN SOUTH CAROLINA

COLUMBIA, S. C., Sept. 17.—The State Democratic executive committee meeting here to declare the result of the primary held last Tuesday to nominate candidates for Congress from the Sixth and Seventh districts declared Ed C. Mann the nominee from the Seventh district, but did not name a nominee from the Sixth, where E. J. Sherwood and P. H. Stoll have filed protests.

The committee will meet again next Tuesday where a precinct now missing has been officially reported.

## "Y" WORKERS GIVE BOYS LAST HANDOUT

A fleet of automobiles left Liberty Hut at 8 o'clock this morning and passed down the lines of First Division men awaiting the time to fall into the parade formation, conveying thirty-eight Y. M. C. A. women and 132 Red Triangle men who today, for the last time, distributed free chocolate, chewing gum, and the like, to these soldiers of the fighting First with whom they served overseas for nearly two years.

The "Y" workers, particularly the young women, were loudly cheered. Two of the girls, Miss Gertrude Ely and Miss Mary Noel Arrowsmith, of New York, wore the croix de guerre, won for bravery under fire. Dr. Murray Bartlett, of Rochester, N. Y., also wore the croix de guerre, having been wounded, cited and decorated and made a temporary chaplain as a "Y" worker with the Division.

The 30,000 packages of chocolate and 30,000 packages of gum distributed by the "Y" workers, were welcome rations to the men, who will miss a noon meal today.

Behind the bands and in front of the colors is the place of honor accorded the Y. M. C. A. workers, who march today with the units with which they served overseas, upon military orders, as they marched in New York a week ago. There were 180 men and 68 women of the Y. M. C. A. with the division overseas, and two of the men were killed in "Y" service with the First.

## BOY STEALS BATH! 30 DAYS IN JAIL

CHICAGO, Sept. 17.—The lodging house run by Mrs. Elizabeth Harry, in Buffalo, N. Y., seems to have attracted for Jacob Wright, nineteen years old, who says he has no home, Wright sneaked into the place to take a bath. Other lodgers with towels tried the bathroom door, only to be warned away by the sound of splashing water.

Mrs. Harry investigated, and, on receiving a response in an unfamiliar tone, notified the police. When ordered, Wright opened the door, and brushing his hair calmly, explained that he was making his toilet and would be out in a moment. When arraigned before Judge McLaughlin, he pleaded guilty and was sent to the penitentiary for thirty days.

Wright was on probation with Frederick W. Pfeiffer, deputy chief probation officer, for stealing two suits of clothes on June 20, from Fritz Schreck, a lodger at the same place.

### MALARIA ONLY CLOGGED SYSTEM

Infection Can Be Cleared Away  
by Proper Tonic.

Malaria, with its chills and aches, is the forceful way nature has of calling attention to the poisons in your blood. Get rid of them, and the symptoms disappear. Summer heat weakens the body. The stomach feels it first. Failure to digest food causes fermentation. The blood gets poisoned food. Infection from malaria finds a ready ground. The kidneys cannot throw it all off. You get sluggish—ache and are miserable. Then the fever appears—nature trying to burn up the waste and toxins in your blood. Avoid all this by keeping your blood clean with Nu Vim, the great Iron Weed Tonic. It clears away the waste; it gives new vigor to the stomach, aids digestion and assimilation, neutralizes the poisons, helps the kidneys to throw them off, and puts your body in condition to throw off malaria quickly. It's a scientific vegetable compound, supplying iron in the right form, and it has literally helped thousands to strength and health. Nu Vim is just what you need for the run down, worn out feeling that precedes malaria. Commence its use today. On sale at all the People's Drug Co.'s stores.
